- Figma
- Canva

PORTFOLIO

- [View My Portfolio](#)

LANGUAGE

- Indonesia (Native)
- English (Intermediate)

PROFILE SUMMARY

Experienced Data Analyst and Web Developer skilled in Laravel, React, Python, and SQL, with a strong foundation in data processing, visualization, and full-stack web development. Experienced in real-world project development and healthcare data analysis. Highly adaptive, collaborative, and eager to grow in a professional environment.

INTERNSHIP EXPERIENCE

- RSUD Tarakan Jakarta** Feb 2025 - Feb 2026
- Analyzed hospital operational and patient data using Excel and Python to identify trends and support data-driven decision-making
 - Collaborated with the IT team to design ERD and Sequence Diagrams for accurate data flow representation
 - Built data visualization reports to present key insights to stakeholders
 - Developed a Laravel-based web application for online meeting room reservation, deployed to production
 - Contributed to ongoing IT system development and implementation projects

FREELANCE EXPERIENCE

- Full-Stack Web Developer | Koperasi Simpan Pinjam at PT. Crown Worldwide Indonesia** Feb 2026 - Apr 2026
- Developed a full-stack cooperative management system for a real client, deployed at kopkarcwi.com
 - Built using Laravel, React, MySQL, and Tailwind CSS with JWT-based authentication
 - Implemented features including member savings management, loan payment workflows, and PDF export
 - Collaborated via GitLab with branch management and production deployment on Hostinger

ORGANIZATION EXPERIENCE

- Member of Google Developer Student Club Malang** Feb 2023 - Jan 2025
- Head of Security & Equipment Division at Techfest 2024** Jul 2024
- Leader of Teach For Indonesia** Okt 2022 - Okt 2023
- Vice Head Division at VRam 2022** Apr 2022

PROJECTS

- SIMARA | Web-based Meeting Management System** Aug 2025 - Jan 2026
- Final Thesis Project, Binus University Laravel, Vue.js, MySQL, Tailwind CSS
- Breast Cancer Classification | Machine learning** Mar 2024
- This project to classify breast cancer data using KNN, Decision Tree, and Random Forest Python, Pandas, Scikit-learn, Jupyter Notebook
- Mental Health & Music AI | Artificial Intelligence** Apr 2024
- AI research project to predict mental health levels based on music consumption patterns using XGBoost Python, XGBoost, Matplotlib, Jupyter Notebook

CERTIFICATIONS
